

Due to COVID-19, we have put in place a few extra guidelines for this season to help keep all attendees safe and healthy while still being able to enjoy your normal game day festivities. We have also made a few changes to our usual practices so please read over the following information carefully.

1. Upon arrival at the Motorhome entrance, you will check in with the motorhome attendant as usual. You will not be required to present a parking pass to enter the lot nor will you need to display a pass in your motorhome.
2. For additional safety measures, we ask that all motorhomes back in to their spot allowing them to all face in the same direction. This should provide plenty of space for a canopy as well as separation from neighboring sites. This also avoids sharing of open space between RVs and corralling of RVs. Be sure to bring an extra extension cord as this might affect the distance to power hookup.
3. To reduce the overall number of guests gathering in one space, patrons will be limited to stay within the parameters of their assigned motorhome space. Additionally, guests should limit their activities to only include individuals residing within their motorhome.
4. We ask that all guests practice social distancing as best they can while in the motorhome lots when outside of your designated area and using any of the shared space. Please keep in mind, these are extraordinary times and while we want to continue to bring fans out to the games, we must do so in a safe manner.
5. While in your reserved space, feel free to relax and enjoy as usual. When leaving your site, please must wear a face mask at all times.
