Locker room/facility updates

*Total Goal*

 **\$4,000,000**

## *NIL Opportunities*

Give to The Battle's End to optimize student-athlete's name, image and likeness opportunities.

“

*Being able to play for four years for the winningest coach, and the impact he had on me, it was a remarkable experience. Now having coached at other places and returning to FSU to finish the legacy, to put that national championship trophy in the case at Howser, it means everything.*

*My job as head coach is to put the players in the best possible position for them to achieve their goals. In the quest to build the individual, I also have the responsibility to make sure the facility is the best it could possibly be. Some of our needs go beyond our operating budget and we have to look to Seminole Boosters to help us. Our giving has to be at its best just like I expect our players to be at their best.*

*The Seminole Boosters are members of our team and they help us build championship caliber teams. We couldn't be the program we are without their support.*
