MEMBERSHIP

"I am so incredibly thankful for all of our Coaches Club members. Our vision as a program every season is to compete for championships and provide an incredible student-athlete experience. This is a lofty goal every year and it takes financial support just as much as physical support. Our Dugout Club members continue to show up in both areas, keeping the Plex rocking and contributing financially to create that student-athlete experience which makes FSU Softball so special. We always say it's the people who make a difference for our program and I know that this foundation is our Coaches Club. So, thank you for your continued support to keep us in the hunt for winning days, moments, seasons and championships."
