- 63 total top-10 times in school history set, 45 individual and 18 relay

REVENUE

MEMBERSHIP

“We are indebted to our Coaches Club members that make so many things happen for us. This past year we used funds for new equipment that helped the team meet new heights. We bought new power towers for the team to be more explosive, and new underwater video equipment with iPads for immediate feedback on technique. We even purchased a start machine, which measures everyone’s start technique and kicking technique, making an optimal model for each athlete. We want to say a huge thank you for making this and our recent success possible.”
