- Helped our players with the addition of swing technology including a TrackMan and GC Quad

COACH AMY BOND & COACH TREY JONES

"We are so thankful to our donors for their help in making our golf program one of the best in the nation. Their generosity has helped us recruit some of the best players in the world, build one of the best golf facilities in college golf and a golf course that is one of the best in the country, purchase state of the art technology that helps make our players get better, and help us travel and build a schedule that allows us to compete for a national championship. Thank you is not a strong enough word for the impact that all our donors have on our program and our players."
